S I R,

I have the honor to state that when an estimate for removing rank vegetation in and around the village of Mulbagal, Thirthally Taluk for Rs. 1532 came up for sanction before the Committee at its last meeting held on the 24th instant, the Amildar of Thirtahally said that he would be in a position to see that that work was executed by the villagers themselves for Rs. 400/- i.e., nearly 1/4 of the estimated amount provided he was given a permanent advance to the extent of Rs. 100/- and allowed either to make payments or advance small sums therefrom, from time to time to the villagers as the work progresses.

The proposal being agreeable to the Committee, it has accordingly resolved to reduce the estimate to Rs. 400/-.

In most cases taluk amildars by the use of their influence and with a judicious exercise of their authority over the villagers will be in a position to effectively bring home to the villages the advantages of communal works and thus induce them to carry out the improvement works decided upon by the Committee at a far less cost and within less time than what they would take otherwise.

Under this circumstance, I request, in accordance with the reso-

2

resolution of the Committee (copy enclosed) the favour of your obtaining the early orders of Government on the proposal of the Committee to place with each Malnad Amildar in the district a sum of Rs. 100/- as imprest money for the purpose stated above.
